

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

## LECTORI.

PRIMUS, quod sciam, Graduatorum Cantabrigiensium Catalogum edidit Georgius Borlase, primo ab anno 1659 ad annum 1787, secundo ab anno 1659 ad annum 1800. Secundus fuit Willelmus Hustler, qui nomina graduatorum evulgavit usque ad 1823. Tertius Josephus Romilly, qui annis 1846 et 1856 graduatorum nomina exhibuit, catalogum suum incipiens anno 1759.

In hac septima editione, suadentibus syndicis præli, qui benigne concesserunt ut typis et sumptibus Academicis imprimeretur, omissa sunt nomina omnium ante annum 1800.

In graduatorum catalogo annus gradui cuilibet subjectus semper notat annum in quo Senioritas Academia reservatur, qui sæpe posterior est anno admissionis. Olim qui admissi fuerunt per annum ad titulum Baccalaurei in Artibus designati gradum suum inauguratione compleverunt die secunda termini Paschalis sequentis: e.g. omnes sic admissi post diem sextam mensis Aprilis A.D. 1872 gradum suum compleverunt die 19<sup>ma</sup> mensis Aprilis A.D. 1873. Sed jam hæc omnia mutata sunt; et dies inaugurationis graduum Baccalaureorum et in Artibus et in Jure erit dies ultima termini Sancti Michaelis; nomina horum omnium qui admissi fuerunt diebus 14 et 17 Junii, A.D. 1884, et qui gradum suum complebunt die 19<sup>ma</sup> mensis Decembris, in catalogo sic distinguuntur, 1884 (2). Omnes quorum nominibus 1884 tantum affigitur gradum compleverunt die 17<sup>ma</sup> mensis Junii. Magistri Artium et Doctores in quavis facultate graduum suorum creationem obtinent comitiis maximis, i.e. "penultimo Martis Junii."

DARUM CANTABRIGIÆ,

**THE CAMBRIDGE PARAGRAPH BIBLE** of the Authorized English Version, with the Text Revised by a Collation of its Early and other Principal Editions, the Use of the Italic Type made uniform, the Marginal References remodelled, and a Critical Introduction prefixed, by F. H. A. SCRIVENER, M.A., LL.D., Editor of the Greek Testament, Codex Augiensis, &c., and one of the Revisers of the Authorized Version. Crown 4to. gilt. 21s.

From the *Times*.

"Students of the Bible should be particularly grateful to (the Cambridge University Press) for having produced, with the able assistance of Dr Scrivener, a complete critical edition of the Authorized Version of the English Bible, an edition such as, to use the words of the Editor, 'would have been executed long ago had this version been nothing more than the greatest and best known of English classics.' Falling at a time when the formal revision of this version has been undertaken by a distinguished company of scholars and divines, the publication of this edition must be considered most opportune."

From the *Athenæum*.

"Apart from its religious importance, the English Bible has the glory, which but few sister versions indeed can claim, of being the chief classic of the language, of having, in conjunction with Shakspeare, and in an immeasurable degree more than he, fixed the language beyond any possibility of important change. Thus the recent contributions to the literature of the subject, by such workers as Mr Francis Fry and Canon Westcott, appeal to a wide range of sympathies; and to these may now be added Dr Scrivener, well known for his labours in the cause of the Greek Testament criticism, who has brought out, for the

Syndics of the Cambridge University Press, an edition of the English Bible, according to the text of 1611, revised by a comparison with later issues on principles stated by him in his Introduction. Here he enters at length into the history of the chief editions of the version, and of such features as the marginal notes, the use of italic type, and the changes of orthography, as well as into the most interesting question as to the original texts from which our translation is produced."

From the *Methodist Recorder*.

"This noble quarto of over 1300 pages is in every respect worthy of editor and publishers alike. The name of the Cambridge University Press is guarantee enough for its perfection in outward form, the name of the editor is equal guarantee for the worth and accuracy of its contents. Without question, it is the best Paragraph Bible ever published, and its reduced price of a guinea brings it within reach of a large number of students."

From the *London Quarterly Review*.

"The work is worthy in every respect of the editor's fame, and of the Cambridge University Press. The noble English Version, to which our country and religion owe so much, was probably never presented before in so perfect a form."

**THE CAMBRIDGE PARAGRAPH BIBLE. STUDENT'S EDITION**, on *good writing paper*, with one column of print and wide margin to each page for MS. notes. This edition will be found of great use to those who are engaged in the task of Biblical criticism. Two Vols. Crown 4to. gilt. 31s. 6d.

**THE AUTHORIZED EDITION OF THE ENGLISH BIBLE (1611), ITS SUBSEQUENT REPRINTS AND MODERN REPRESENTATIVES.** Being the Introduction to the Cambridge Paragraph Bible (1873), re-edited with corrections and additions. By F. H. A. SCRIVENER, M.A., D.C.L., LL.D., Prebendary of Exeter and Vicar of Hendon. Crown 8vo. 7s. 6d.

**THE LECTIONARY BIBLE, WITH APOCRYPHA**, divided into Sections adapted to the Calendar and Tables of Lessons of 1871. Crown 8vo. 3s. 6d.

**BREVIARIUM AD USUM INSIGNIS ECCLESIAE SARUM.** Juxta Editionem maximam pro CLAUDIO CHEVALLON ET FRANCISCO REGNAULT A.D. MDXXXI. in Alma Parisiorum Academia impressam: labore ac studio FRANCISCI PROCTER, A.M., ET CHRISTOPHORI WORDSWORTH, A.M.

**FASCICULUS I.** In quo continentur KALENDARIVM, et ORDO TEMPORALIS sive PROPRIUM DE TEMPORE TOTIUS ANNI, una cum ordinali suo quod usitato vocabulo dicitur PICA SIVE DIRECTORIUM SACERDOTUM. Demy 8vo. 18s.

"The value of this reprint is considerable to liturgical students, who will now be able to consult in their own libraries a work absolutely indispensable to a right understanding of the history of the Prayer-Book, but which till now usually necessitated a visit to some public library, since the rarity of the volume made its

cost prohibitory to all but a few. . . Messrs Procter and Wordsworth have discharged their editorial task with much care and judgment, though the conditions under which they have been working are such as to hide that fact from all but experts."—*Literary Churchman*.

**FASCICULUS II.** In quo continentur PSALTERIVM, cum ordinario Officii totius hebdomadae juxta Horas Canonicas, et proprio Completorii, LITANIA, COMMUNE SANCTORUM, ORDINARIUM MISSAE CUM CANONE ET XIII MISSIS, &c. &c. Demy 8vo. 12s.

"Not only experts in liturgiology, but all persons interested in the history of the Anglican Book of Common Prayer, will be grateful to the Syndicate of the Cambridge University Press for forwarding the publication of the volume which bears the above title, and which has recently appeared under their auspices."—*Notes and Queries*.

"Cambridge has worthily taken the lead with the Breviary, which is of especial value for that part of the reform of the Prayer-Book which will fit it for the wants of our time. . . .

For all persons of religious tastes the Breviary, with its mixture of Psalm and Anthem and Prayer and Hymn, all hanging one on the other, and connected into a harmonious whole, must be deeply interesting."—*Church Quarterly Review*.

"The editors have done their work excellently, and deserve all praise for their labours in rendering what they justly call 'this most interesting Service-book' more readily accessible to historical and liturgical students."—*Saturday Review*.

**THE BOOK OF ECCLESIASTES**, with Notes and Introduction. By the Very Rev. E. H. PLUMPTRE, D.D., Dean of Wells. Large Paper Edition. Demy 8vo. 7s. 6d.

"No one can say that the Old Testament is a dull or worn-out subject after reading this singularly attractive and also instructive commentary. Its wealth of literary and historical illustration surpasses anything to which we can

point in English exegesis of the Old Testament; indeed, even Delitzsch, whose pride it is to leave no source of illustration unexplored, is far inferior on this head to Dr Plumptre."—*Academy*, Sept. 10, 1881.

**THE GOSPEL ACCORDING TO ST MATTHEW** in Anglo-Saxon and Northumbrian Versions, synoptically arranged: with Collations of the best Manuscripts. By J. M. KEMBLE, M.A. and Archdeacon HARDWICK. Demy 4to. 10s.

**THE GOSPEL ACCORDING TO ST MARK** in Anglo-Saxon and Northumbrian Versions, synoptically arranged: with Collations exhibiting all the Readings of all the MSS. Edited by the Rev. Professor SKEAT, M.A. late Fellow of Christ's College, and author of a *MÆSO-GOTHIC Dictionary*. Demy 4to. 10s.

**THE GOSPEL ACCORDING TO ST LUKE**, uniform with the preceding, by the same Editor. Demy 4to. 10s.

**THE GOSPEL ACCORDING TO ST JOHN**, uniform with the preceding, by the same Editor. Demy 4to. 10s.

"*The Gospel according to St John, in Anglo-Saxon and Northumbrian Versions*: Edited for the Syndics of the University Press, by the Rev. Walter W. Skeat, M.A., Elrington and Bosworth Professor of Anglo-Saxon in the University of Cambridge, completes an undertaking designed and com-

menced by that distinguished scholar, J. M. Kemble, some forty years ago. Of the particular volume now before us, we can only say it is worthy of its two predecessors. We repeat that the service rendered to the study of Anglo-Saxon by this Synoptic collection cannot easily be overestimated."—*Contemporary Review*.

**THE POINTED PRAYER BOOK**, being the Book of Common Prayer with the Psalter or Psalms of David, pointed as they are to be sung or said in Churches. Royal 24mo. 1s. 6d.  
The same in square 32mo. cloth. 6d.

"The 'Pointed Prayer Book' deserves mention for the new and ingenious system on which the pointing has been marked, and still more

for the terseness and clearness of the directions given for using it."—*Times*.

**THE CAMBRIDGE PSALTER**, for the use of Choirs and Organists. Specially adapted for Congregations in which the "Cambridge Pointed Prayer Book" is used. Demy 8vo. cloth extra, 3s. 6d. cloth limp, cut flush. 2s. 6d.

**THE PARAGRAPH PSALTER**, arranged for the use of Choirs by BROOKE FOSS WESTCOTT, D.D., Regius Professor of Divinity in the University of Cambridge. Fcap. 4to. 5s.

The same in royal 32mo. Cloth 1s. Leather 1s. 6d.

"The Paragraph Psalter exhibits all the care, thought, and learning that those acquainted with the works of the Regius Professor of Divinity at Cambridge would expect to find,

and there is not a clergyman or organist in England who should be without this Psalter as a work of reference."—*Morning Post*.

**THE MISSING FRAGMENT OF THE LATIN TRANSLATION OF THE FOURTH BOOK OF EZRA**, discovered, and edited with an Introduction and Notes, and a facsimile of the MS., by ROBERT L. BENSLEY, M.A., Reader in Hebrew, Gonville and Caius College, Cambridge. Demy 4to. 10s.

"Edited with true scholarly completeness."—*Westminster Review*.

"It has been said of this book that it has added a new chapter to the Bible, and, startling as the statement may at first sight appear, it is

no exaggeration of the actual fact, if by the Bible we understand that of the larger size which contains the Apocrypha, and if the Second Book of Esdras can be fairly called a part of the Apocrypha."—*Saturday Review*.

## THEOLOGY—(ANCIENT).

**THE GREEK LITURGIES.** Chiefly from original Authorities. By C. A. SWAINSON, D.D., Master of Christ's College, Cambridge. Crown 4to. Paper covers. 15s.

**THE PALESTINIAN MISHNA.** By W. H. LOWE, M.A., Lecturer in Hebrew at Christ's College, Cambridge. Royal 8vo. 21s.

**SAYINGS OF THE JEWISH FATHERS,** comprising Pirke Aboth and Pereq R. Meir in Hebrew and English, with Critical and Illustrative Notes. By CHARLES TAYLOR, D.D. Master of St John's College, Cambridge, and Honorary Fellow of King's College, London. Demy 8vo. 10s.

"The 'Masseketh Aboth' stands at the head of Hebrew non-canonical writings. It is of ancient date, claiming to contain the dicta of teachers who flourished from a.c. 200 to the same year of our era. The precise time of its compilation in its present form is, of course, in doubt. Mr Taylor's explanatory and illustrative commentary is very full and satisfactory."

—*Spectator*.

"If we mistake not, this is the first precise translation into the English language, accompanied by scholarly notes, of any portion of the Talmud. In other words, it is the first instance of that most valuable and neglected portion of

Jewish literature being treated in the same way as a Greek classic in an ordinary critical edition. . . The *Sayings of the Jewish Fathers* may claim to be scholarly, and, moreover, of a scholarship unusually thorough and finished."

—*Dublin University Magazine*.

"A careful and thorough edition which does credit to English scholarship, of a short treatise from the Mishna, containing a series of sentences or maxims ascribed mostly to Jewish teachers immediately preceding, or immediately following the Christian era. . . —*Contemporary Review*.

**THEODORE OF MOPSUESTIA'S COMMENTARY ON THE MINOR EPISTLES OF S. PAUL.** The Latin Version with the Greek Fragments, edited from the MSS. with Notes and an Introduction, by H. B. SWETE, D.D., Rector of Ashdon, Essex, and late Fellow of Gonville and Caius College, Cambridge. In Two Volumes. Vol. I., containing the Introduction, with Facsimiles of the MSS., and the Commentary upon Galatians—Colossians. Demy 8vo. 12s.

"In dem oben verzeichneten Buche liegt uns die erste Hälfte einer vollständigen, ebenso sorgfältig gearbeiteten wie schön ausgestatteten Ausgabe des Commentars mit ausführlichen Prolegomena und reichhaltigen kritischen und erläuternden Anmerkungen vor."—*Literarisches Centralblatt*.

"It is the result of thorough, careful, and patient investigation of all the points bearing on the subject, and the results are presented with admirable good sense and modesty."—*Guardian*.

"Auf Grund dieser Quellen ist der Text bei Swete mit musterhafter Akribie hergestellt. Aber auch sonst hat der Herausgeber mit unermüdlichem Fleisse und eingehenden Sachkenntniss sein Werk mit allen denjenigen Zugaben ausgerüstet, welche bei einer solchen Text-Ausgabe nur irgend erwartet werden können. . . Von den drei Haupt-

handschriften . . . sind vortreffliche photographische Facsimile's beigegeben, wie überhaupt das ganze Werk von der *University Press* zu Cambridge mit bekannter Eleganz ausgestattet ist."—*Theologische Literaturzeitung*.

"It is a hopeful sign, amid forebodings which arise about the theological learning of the Universities, that we have before us the first instalment of a thoroughly scientific and painstaking work, commenced at Cambridge and completed at a country rectory."—*Church Quarterly Review* (Jan. 1881).

"Herrn Swete's Leistung ist eine so tüchtige dass wir das Werk in keinen besseren Händen wissen möchten, und mit den sichersten Erwartungen auf das Gelingen der Fortsetzung entgegen sehen."—*Göttingische gelehrte Anzeigen* (Sept. 1881).

VOLUME II., containing the Commentary on 1 Thessalonians—Philemon, Appendices and Indices. 12s.

"Eine Ausgabe . . . für welche alle zugänglichen Hilfsmittel in musterhafter Weise benützt wurden . . . eine reife Frucht siebenjährigen Fleisses."—*Theologische Literaturzeitung* (Sept. 23, 1882).

"Mit dieselben Sorgfalt bearbeitet die wir bei dem ersten Theile gerühmt haben."—*Literarisches Centralblatt* (July 29, 1882).

**PEARSON'S EXPOSITION OF THE CREED**, edited by TEMPLE CHEVALLIER, B.D. late Fellow and Tutor of St Catharine's College, Cambridge. New Edition. Revised by R. SINKER, B.D., Librarian of Trinity College. Demy 8vo. 12s.

"A new edition of Bishop Pearson's famous work *On the Creed* has just been issued by the Cambridge University Press. It is the well-known edition of Temple Chevallier, thoroughly overhauled by the Rev. R. Sinker, of Trinity College. The whole text and notes have been most carefully examined and corrected, and special pains have been taken to verify the almost innumerable references. These have been more clearly and accurately given in very many

places, and the citations themselves have been adapted to the best and newest texts of the several authors—texts which have undergone vast improvements within the last two centuries. The Indices have also been revised and enlarged..... Altogether this appears to be the most complete and convenient edition as yet published of a work which has long been recognised in all quarters as a standard one."—*Guardian*.

**TWO FORMS OF PRAYER OF THE TIME OF QUEEN ELIZABETH.** Now First Reprinted. Demy 8vo. 6d.

"From 'Collections and Notes' 1867-1876, by W. Carew Hazlitt (p. 340), we learn that—'A very remarkable volume, in the original vellum cover, and containing 25 Forms of Prayer of the reign of Elizabeth, each with the autograph of Humphrey Dyson, has lately fallen into the hands of my friend Mr H. Pyne. It is mentioned specially in the Preface to the Par-

ker Society's volume of Occasional Forms of Prayer, but it had been lost sight of for 200 years.' By the kindness of the present possessor of this valuable volume, containing in all 25 distinct publications, I am enabled to reprint in the following pages the two Forms of Prayer supposed to have been lost."—*Extract from the PREFACE.*

**SELECT DISCOURSES**, by JOHN SMITH, late Fellow of Queens' College, Cambridge. Edited by H. G. WILLIAMS, B.D. late Professor of Arabic. Royal 8vo. 7s. 6d.

"The 'Select Discourses' of John Smith, collected and published from his papers after his death, are, in my opinion, much the most considerable work left to us by this Cambridge School [the Cambridge Platonists]. They have a right to a place in English literary history."—MR. MATTHEW ARNOLD, in the *Contemporary Review*.

"Of all the products of the Cambridge School, the 'Select Discourses' are perhaps the highest, as they are the most accessible and the most widely appreciated...and indeed no spiritually thoughtful mind can read them unmoved. They carry us so directly into an atmosphere of divine philosophy, luminous

with the richest lights of meditative genius... He was one of those rare thinkers in whom largeness of view, and depth, and wealth of poetic and speculative insight, only served to evoke more fully the religious spirit, and while he drew the mould of his thought from Plotinus, he vivified the substance of it from St Paul."—Principal TULLOCH, *Rational Theology in England in the 17th Century*.

"We may instance Mr Henry Griffin Williams's revised edition of Mr John Smith's 'Select Discourses,' which have won Mr Matthew Arnold's admiration, as an example of worthy work for an University Press to undertake."—*Times*.

### ARABIC, SANSKRIT AND SYRIAC.

**POEMS OF BEHĀ ED DĪN ZOHEIR OF EGYPT.**

With a Metrical Translation, Notes and Introduction, by E. H. PALMER, M.A., Barrister-at-Law of the Middle Temple, late Lord Almoner's Professor of Arabic, formerly Fellow of St John's College, Cambridge. 3 vols. Crown 4to.

Vol. I. THE ARABIC TEXT. 10s. 6d.; cloth extra. 15s.

Vol. II. ENGLISH TRANSLATION. 10s. 6d.; cloth extra. 15s.

"We have no hesitation in saying that in both Prof. Palmer has made an addition to Oriental literature for which scholars should be grateful; and that, while his knowledge of Arabic is a sufficient guarantee for his mastery of the original, his English compositions are distinguished by versatility, command of language, rhythmical cadence, and, as we have

remarked, by not unskilful imitations of the styles of several of our own favourite poets, living and dead."—*Saturday Review*.

"This sumptuous edition of the poems of Behā-ed-dīn Zoheir is a very welcome addition to the small series of Eastern poets accessible to readers who are not Orientalists."—*Academy*.

**THE CHRONICLE OF JOSHUA THE STYLITE**, composed in Syriac A.D. 507 with an English translation and notes, by W. WRIGHT, LL.D., Professor of Arabic. Demy 8vo. 10s. 6d.

"Die lehrreiche kleine Chronik Josuas hat nach Assemani und Martin in Wright einen dritten Bearbeiter gefunden, der sich um die Emendation des Textes wie um die Erklärung der Realien wesentlich verdient gemacht hat . . . Ws. Josua-Ausgabe ist eine sehr dankenswerte Gabe und besonders empfehlenswert als

ein Lehrmittel für den syrischen Unterricht; es erscheint auch gerade zur rechten Zeit, da die zweite Ausgabe von Roedigers syrischer Chrestomathie im Buchhandel vollständig vergriffen und diejenige von Kirsch-Bernstein nur noch in wenigen Exemplaren vorhanden ist."—*Deutsche Literaturzeitung*.

**KALĪLAH AND DIMNAH, OR, THE FABLES OF**

**NALOPĀKHYĀNAM, OR, THE TALE OF NALA;** containing the Sanskrit Text in Roman Characters, followed by a Vocabulary in which each word is placed under its root, with references to derived words in Cognate Languages, and a sketch of Sanskrit Grammar. By the late Rev. THOMAS JARRETT, M.A. Trinity College, Regius Professor of Hebrew. Demy 8vo. 10s.

**CATALOGUE OF THE BUDDHIST SANSKRIT MANUSCRIPTS** in the University Library, Cambridge. Edited by C. BENDALL, M.A., Fellow of Gonville and Caius College. Demy 8vo. 12s.

"It is unnecessary to state how the compilation of the present catalogue came to be placed in Mr Bendall's hands; from the character of his work it is evident the selection was judicious, and we may fairly congratulate

those concerned in it on the result . . . Mr Bendall has entitled himself to the thanks of all Oriental scholars, and we hope he may have before him a long course of successful labour in the field he has chosen."—*Athenæum*.

London: C. F. CLAY & SON, Cambridge University Press Warehouse, Ave Maria Lane.

**GREEK AND LATIN CLASSICS, &c.** (See also pp. 24–27.)

**SOPHOCLES:** The Plays and Fragments, with Critical Notes, Commentary, and Translation in English Prose, by R. C. JEBB, M.A., LL.D., Professor of Greek in the University of Glasgow.

**Part I. Oedipus Tyrannus.** Demy 8vo. 15s.

"Of his explanatory and critical notes we can only speak with admiration. Thorough scholarship combines with taste, erudition, and boundless industry to make this first volume a pattern of editing. The work is made complete by a prose translation, upon pages alternating with the text, of which we may say shortly that it displays sound judgment and taste, without sacrificing precision to poetry of expression."—*The Times*.

"This larger edition he has deferred these many years for reasons which he has given in his preface, and which we accept with entire satisfaction, as we have now the first portion of a work composed in the fulness of his powers and with all the resources of fine erudition and laboriously earned experience... We will confidently aver, then, that the edition is neither tedious nor long: for we get in one compact volume such a cyclopædia of instruction, such a variety of helps to the full comprehension of the poet, as not so many years ago would have needed a small library, and all this instruction and assistance given, not in a dull and pedantic way, but in a style of singular clearness and

vivacity. In fact, one might take this edition with him on a journey, and, without any other help whatever, acquire with comfort and delight a thorough acquaintance with the noblest production of, perhaps, the most difficult of all Greek poets—the most difficult, yet possessed at the same time of an immortal charm for one who has mastered him, as Mr Jebb has, and can feel so subtly perfection of form and language... We await with lively expectation the continuation, and completion of Mr Jebb's great task, and it is a fortunate thing that his power of work seems to be as great as the style is happy in which the work is done."—*The Athenæum*.

"An edition which marks a definite advance, which is whole in itself, and brings a mass of solid and well-wrought material such as future constructors will desire to adapt, is definitive in the only applicable sense of the term, and such is the edition of Professor Jebb. No man is better fitted to express in relation to Sophocles the mind of the present generation."—*The Saturday Review*.

**ÆSCHYLI FABULÆ.—ΙΚΕΤΙΑΔΕΣ ΧΟΗΦΟΡΟΙ IN LIBRO MEDICEO MENDOSE SCRIPTÆ EX VV. DD. CONIECTURIS EMENDATIUS EDITÆ** cum Scholiis Graecis et brevi adnotatione critica, curante F. A. PALEY, M.A., LL.D. Demy 8vo. 7s. 6d.

**THE AGAMEMNON OF ÆSCHYLUS.** With a Translation in English Rhythm, and Notes Critical and Explanatory. **New Edition Revised.** By BENJAMIN HALL KENNEDY, D.D., Regius Professor of Greek. Crown 8vo. 6s.

"One of the best editions of the masterpiece of Greek tragedy."—*Athenæum*.

"It is needless to multiply proofs of the

value of this volume alike to the poetical translator, the critical scholar, and the ethical student."—*Saturday Review*.

**THE THEÆTETUS OF PLATO** with a Translation and Notes by the same Editor. Crown 8vo. 7s. 6d.

**ARISTOTLE.—ΠΕΡΙ ΨΥΧΗΣ. ARISTOTLE'S PSYCHOLOGY,** in Greek and English, with Introduction and Notes, by EDWIN WALLACE, M.A., late Fellow and Tutor of Worcester College, Oxford. Demy 8vo. 18s.

"In an elaborate introduction Mr Wallace collects and correlates all the passages from the various works of Aristotle bearing on these points, and this he does with a width of learning that marks him out as one of our foremost Aristotelic scholars, and with a critical acumen that is far from common."—*Glasgow Herald*.

"The notes are exactly what such notes ought to be,—helps to the student, not mere displays of learning. By far the more valuable parts of the notes are neither critical nor literary, but philosophical and expository of the thought, and of the connection of thought, in the treatise itself. In this relation the notes are invaluable. Of the translation, it may be said that an English reader may fairly master by means of it this great treatise of Aristotle."—*Spectator*.

"M. Wallace a mis à profit tous les travaux

de ses devanciers, et il nous semble avoir réussi le premier dans l'interprétation de certains passages qui avaient jusque-là résisté aux efforts de tous les commentateurs."—*Revue Philosophique*.

"Wallace's Bearbeitung der Aristotelischen Psychologie ist das Werk eines denkenden und in allen Schriften des Aristoteles und grössten theils auch in der neueren Litteratur zu denselben belebten Mannes... Der schwächste Teil der Arbeit ist der kritische... Aber in allen diesen Dingen liegt auch nach der Absicht des Verfassers nicht der Schwerpunkt seiner Arbeit, sondern... Und so sei schliesslich noch einmal das Ganze von Wallace's Arbeit im ganzen genommen als ein wertvolles Hilfsmittel für das Studium der bearbeiteten Schrift auf das wärmste empfohlen."—Prof. Susemihl in *Philologische Wochenschrift*.

**ARISTOTLE.—ΠΕΡΙ ΔΙΚΑΙΟΣΤΗΝΗΣ. THE FIFTH BOOK OF THE NICOMACHEAN ETHICS OF ARISTOTLE.** Edited by HENRY JACKSON, M.A., Litt. D., Fellow of Trinity College, Cambridge. Demy 8vo. 6s.

"It is not too much to say that some of the points he discusses have never had so much light thrown upon them before. . . . Scholars

will hope that this is not the only portion of the Aristotelian writings which he is likely to edit."—*Athenæum*.

**ARISTOTLE. THE RHETORIC.** With a Commentary by the late E. M. COPE, Fellow of Trinity College, Cambridge, revised and edited by J. E. SANDYS, M.A., Fellow and Tutor of St John's College, Cambridge, and Public Orator. With a biographical Memoir by H. A. J. MUNRO, M.A., Litt. D. 3 Vols., Demy 8vo. 21s.

"This work is in many ways creditable to the University of Cambridge. If an English student wishes to have a full conception of what is contained in the *Rhetoric* of Aristotle, to Mr Cope's edition he must go."—*Academy*.

"Mr Sandys has performed his arduous duties with marked ability and admirable tact. . . . In every part of his work—revising, supplementing, and completing—he has done exceedingly well."—*Examiner*.

**A SELECTION OF GREEK INSCRIPTIONS,** with Introductions and Annotations by E. S. ROBERTS, M.A. Fellow and Tutor of Gonville and Caius College. [*In the Press.*]

**PINDAR. OLYMPIAN AND PYTHIAN ODES.** With Notes Explanatory and Critical, Introductions and Introductory Essays. Edited by C. A. M. FENNELL, M.A., Litt. D., late Fellow of Jesus College. Crown 8vo. 9s.

"Mr Fennell deserves the thanks of all classical students for his careful and scholarly edition of the Olympian and Pythian odes. He brings to his task the necessary enthusiasm for his author, great industry, a sound judgment, and, in particular, copious and minute learning

in comparative philology."—*Athenæum*.

"Considered simply as a contribution to the study and criticism of Pindar, Mr Fennell's edition is a work of great merit."—*Saturday Review*.

— **THE ISTHMIAN AND NEMEAN ODES.** By the same Editor. Crown 8vo. 9s.

"... As a handy and instructive edition of a difficult classic no work of recent years surpasses Mr Fennell's 'Pindar.'"—*Athenæum*.

"This work is in no way inferior to the previous volume. The commentary affords

valuable help to the study of the most difficult of Greek authors, and is enriched with notes on points of scholarship and etymology which could only have been written by a scholar of very high attainments."—*Saturday Review*.

**PRIVATE ORATIONS OF DEMOSTHENES,** with Introductions and English Notes, by F. A. PALEY, M.A. Editor of Aeschylus, etc. and J. E. SANDYS, M.A. Fellow and Tutor of St John's College, and Public Orator in the University of Cambridge.

**PART I. Contra Phormionem, Lacritum, Pantaenetum, Boeotum de Nomine, Boeotum de Dote, Dionysodorum.** Crown 8vo. 6s.

"Mr Paley's scholarship is sound and accurate, his experience of editing wide, and if he is content to devote his learning and abilities to the production of such manuals as these, they will be received with gratitude throughout the higher schools of the country. Mr Sandys is deeply read in the German

literature which bears upon his author, and the elucidation of matters of daily life, in the delineation of which Demosthenes is so rich, obtains full justice at his hands. . . . We hope this edition may lead the way to a more general study of these speeches in schools than has hitherto been possible."—*Academy*.

**PART II. Pro Phormione, Contra Stephanum I. II.; Nicostratum, Cononem, Calliclem.** Crown 8vo. 7s. 6d.

"It is long since we have come upon a work evincing more pains, scholarship, and varied research and illustration than Mr Sandys's contribution to the 'Private Orations of De-

mosthenes'."—*Saturday Review*.

"... the edition reflects credit on Cambridge scholarship, and ought to be extensively used."—*Athenæum*.

**DEMOSTHENES AGAINST ANDROTION AND AGAINST TIMOCRATES,** with Introductions and English Commentary, by WILLIAM WAYTE, M.A., late Professor of Greek, University College, London, Formerly Fellow of King's College, Cambridge, and Assistant Master at Eton. Crown 8vo. 7s. 6d.

"There is an excellent introduction to and analysis of each speech, and at the beginning of its subject-matter. . . . The notes are uniformly good, whether they deal with questions

each paragraph of the text there is a summary of scholarship or with points of Athenian law."—*Saturday Review*.

London: C. F. CLAY & SON, Cambridge University Press Warehouse, Ave Maria Lane.

**THE TYPES OF GREEK COINS.** By PERCY GARDNER, M.A., F.S.A., Disney Professor of Archæology. With 16 Autotype plates, containing photographs of Coins of all parts of the Greek World. Impl. 4to. Cloth extra, £1. 11s. 6d.; Roxburgh (Morocco back), £2. 2s.

"Professor Gardner's book is written with such lucidity and in a manner so straightforward that it may well win converts, and it may be distinctly recommended to that omnivorous class of readers—'men in the schools.' The history of ancient coins is so interwoven with and so vividly illustrates the history of ancient States, that students of Thucydides and Herodotus cannot afford to neglect Professor Gardner's introduction to Hellenic numismatics."—*Saturday Review*.

'The Types of Greek Coins' is a work which

is less purely and dryly scientific. Nevertheless, it takes high rank as proceeding upon a truly scientific basis at the same time that it treats the subject of numismatics in an attractive style and is elegant enough to justify its appearance in the drawing-room . . . Sixteen autotype plates reproduce with marvellous reality more than six hundred types of picked specimens of coins in every style, from the cabinets of the British Museum and other collections.—*Athenæum*.

**THE BACCHAE OF EURIPIDES.** With Introduction, Critical Notes, and Archæological Illustrations, by J. E. SANDYS, M.A., Fellow and Tutor of St John's College, Cambridge, and Public Orator. Crown 8vo. 10s. 6d.

"Of the present edition of the *Bacchæ* by Mr Sandys we may safely say that never before has a Greek play, in England at least, had fuller justice done to its criticism, interpretation, and archæological illustration, whether for the young student or the more advanced scholar. The Cambridge Public Orator may be said to have taken the lead in issuing a complete edition of a Greek play, which is destined perhaps to gain redoubled favour now that the study of ancient monuments has been applied to its illustration."—*Saturday Review*.

"The volume is interspersed with well-executed woodcuts, and its general attractiveness of form reflects great credit on the University Press. In the notes Mr Sandys has more than sustained his well-earned reputation as a careful and learned editor, and shows consider-

able advance in freedom and lightness of style. . . . Under such circumstances it is superfluous to say that for the purposes of teachers and advanced students this handsome edition far surpasses all its predecessors."—*Athenæum*.

"It has not, like so many such books, been hastily produced to meet the momentary need of some particular examination; but it has employed for some years the labour and thought of a highly finished scholar, whose aim seems to have been that his book should go forth *totus teres atque rotundus*, armed at all points with all that may throw light upon its subject. The result is a work which will not only assist the schoolboy or undergraduate in his tasks, but will adorn the library of the scholar."—*The Guardian*.

**M. T. CICERONIS DE OFFICIIS LIBRI TRES**, with Marginal Analysis, an English Commentary, and copious Indices, by H. A. HOLDEN, LL.D., late Fellow of Trinity College, Cambridge. Fifth Edition. Crown 8vo. 9s.

"Dr Holden has issued an edition of what is perhaps the easiest and most popular of Cicero's philosophical works, the *de Officiis*, which, especially in the form which it has now

assumed after two most thorough revisions, leaves little or nothing to be desired in the fullness and accuracy of its treatment alike of the matter and the language."—*Academy*.

**M. TVLLI CICERONIS PRO C. RABIRIO [PERDVELLIONIS REO] ORATIO AD QVIRITES** With Notes Introduction and Appendices by W E HEITLAND MA, Fellow and Lecturer of St John's College, Cambridge. Demy 8vo. 7s. 6d.

London: C. F. CLAY & SON, Cambridge University Press Warehouse, Ave Maria Lane.

**M. TULLII CICERONIS DE NATURA DEORUM**  
 Libri Tres, with Introduction and Commentary by JOSEPH B. MAYOR, M.A., late Professor of Moral Philosophy at King's College, London, together with a new collation of several of the English MSS. by J. H. SWAINSON, M.A., formerly Fellow of Trinity College, Cambridge. Vol. I. Demy 8vo. 10s. 6d. Vol. II. 12s. 6d.

VOL. III. *In the Press.*

"Such editions as that of which Prof. Mayor has given us the first instalment will doubtless do much to remedy this undeserved neglect. It is one on which great pains and much learning have evidently been expended, and is in every

way admirably suited to meet the needs of the student... The notes of the editor are all that could be expected from his well-known learning and scholarship."—*Academy*.

**MATHEMATICAL AND PHYSICAL PAPERS.** By Sir W. THOMSON, LL.D., D.C.L., F.R.S., Professor of Natural Philosophy in the University of Glasgow. Collected from different Scientific Periodicals from May 1841, to the present time. Vol. I. Demy 8vo. 18s.

[Vol. II. *Immediately.*

"Wherever exact science has found a follower Sir William Thomson's name is known as a leader and a master. For a space of 40 years each of his successive contributions to knowledge in the domain of experimental and mathematical physics has been recognized as marking a stage in the progress of the subject. But, unhappily for the mere learner, he is no writer of text-books. His eager fertility overflows into the nearest available journal... The papers in this volume deal largely with the subject of the dynamics of heat. They begin with two or three articles which were in part written at the age of 17, before the author had commenced residence as an undergraduate in Cambridge. . . . No student of mechanical engineering, who aims at the higher levels of his profession, can afford to be ignorant of the principles and methods set forth in these great memoirs... The article on the absolute measurement of electric and galvanic quantities (1851) has

borne rich and abundant fruit. Twenty years after its date the International Conference of Electricians at Paris, assisted by the author himself, elaborated and promulgated a series of rules and units which are but the detailed outcome of the principles laid down in these papers."—*The Times*.

"We are convinced that nothing has had a greater effect on the progress of the theories of electricity and magnetism during the last ten years than the publication of Sir W. Thomson's reprint of papers on electrostatics and magnetism, and we believe that the present volume is destined in no less degree to further the advancement of physical science. We owe the modern dynamical theory of heat almost wholly to Joule and Thomson, and Clausius and Rankine, and we have here collected together the whole of Thomson's investigations on this subject, together with the papers published jointly by himself and Joule."—*Glasgow Herald*.

**MATHEMATICAL AND PHYSICAL PAPERS,** by GEORGE GABRIEL STOKES, M.A., D.C.L., LL.D., F.R.S., Fellow of Pembroke College, and Lucasian Professor of Mathematics in the University of Cambridge. Reprinted from the Original Journals and Transactions, with Additional Notes by the Author. Vol. I. Demy 8vo. 15s. VOL. II. 15s.

"The volume of Professor Stokes's papers contains much more than his hydrodynamical papers. The undulatory theory of light is treated, and the difficulties connected with its application to certain phenomena, such as aberration, are carefully examined and resolved. Such difficulties are commonly passed over with scant notice in the text-books... Those to whom difficulties like these are real stumbling-blocks will still turn for enlightenment to Professor Stokes's old, but still fresh and still

necessary, dissertations. There nothing is slurred over, nothing extenuated. We learn exactly the weaknesses of the theory, and the direction in which the completer theory of the future must be sought for. The same spirit pervades the papers on pure mathematics which are included in the volume. They have a severe accuracy of style which well befits the subtle nature of the subjects, and inspires the completest confidence in their author."—*The Times*

**THE ANALYTICAL THEORY OF HEAT,** by JOSEPH FOURIER. Translated, with Notes, by A. FREEMAN, M.A., Fellow of St John's College, Cambridge. Demy 8vo. 16s.

"It is time that Fourier's masterpiece, *The Analytical Theory of Heat*, translated by Mr Alex. Freeman, should be introduced to those English students of Mathematics who do not follow with freedom a treatise in any language but their own. It is a model of mathematical reasoning applied to physical phenomena, and is remarkable for the ingenuity of the analytical

process employed by the author."—*Contemporary Review*, October, 1878.

"There cannot be two opinions as to the value and importance of the *Théorie de la Chaleur*... It is still the text-book of Heat Conduction, and there seems little present prospect of its being superseded, though it is already more than half a century old."—*Nature*.

## LAW.

AN ANALYSIS OF CRIMINAL LIABILITY. By E. C. CLARK, LL.D., Regius Professor of Civil Law in the University of Cambridge, also of Lincoln's Inn, Barrister-at-Law. Crown 8vo. 7s. 6d.

"Prof. Clark's little book is the substance of lectures delivered by him upon those portions of Austin's work on jurisprudence which deal with the 'operation of sanctions'...

Students of jurisprudence will find much to interest and instruct them in the work of Prof. Clark."—*Athenæum*.

PRACTICAL JURISPRUDENCE, a Comment on AUSTIN.

By E. C. CLARK, LL.D. Regius Professor of Civil Law. Crown 8vo. 9s.

"Damit schliesst dieses inhaltreiche und nach allen Seiten anregende Buch über Prac-

tical Jurisprudence."—*König. Centralblatt für Rechtswissenschaft*.

A SELECTION OF THE STATE TRIALS. By J. W.

WILLIS-BUND, M.A., LL.B., Barrister-at-Law, Professor of Constitutional Law and History, University College, London. Crown 8vo. Vols. I. and II. In 3 parts. 30s.

"Mr Willis-Bund has edited 'A Selection of Cases from the State Trials' which is likely to form a very valuable addition to the standard literature... There can be no doubt, therefore, of the interest that can be found in the State trials. But they are large and unwieldy, and it is impossible for the general reader to come across them. Mr Willis-Bund has therefore done good service in making a selection that is in the first volume reduced to a commodious form."—*The Examiner*.

"This work is a very useful contribution to that important branch of the constitutional history of England which is concerned with the growth and development of the law of treason, as it may be gathered from trials before the ordinary courts. The author has very wisely distinguished these cases from those of impeachment for treason before Parliament, which he proposes to treat in a future volume under the general head 'Proceedings in Parliament.'"—*The Academy*.

"This is a work of such obvious utility that the only wonder is that no one should have undertaken it before... In many respects therefore, although the trials are more or less abridged, this is for the ordinary student's purpose not only a more handy, but a more useful

work than Howell's."—*Saturday Review*.

"But, although the book is most interesting to the historian of constitutional law, it is also not without considerable value to those who seek information with regard to procedure and the growth of the law of evidence. We should add that Mr Willis-Bund has given short prefaces and appendices to the trials, so as to form a connected narrative of the events in history to which they relate. We can thoroughly recommend the book."—*Law Times*.

"To a large class of readers Mr Willis-Bund's compilation will thus be of great assistance, for he presents in a convenient form a judicious selection of the principal statutes and the leading cases bearing on the crime of treason... For all classes of readers these volumes possess an indirect interest, arising from the nature of the cases themselves, from the men who were actors in them, and from the numerous points of social life which are incidentally illustrated in the course of the trials. On these features we have not dwelt, but have preferred to show that the book is a valuable contribution to the study of the subject with which it professes to deal, namely, the history of the law of treason."—*Athenæum*.

Vol. III. *In the Press*.

THE FRAGMENTS OF THE PERPETUAL EDICT OF SALVIUS JULIANUS, collected, arranged, and annotated by BRYAN WALKER, M.A., LL.D., Law Lecturer of St John's College, and late Fellow of Corpus Christi College, Cambridge. Crown 8vo. 6s.

"In the present book we have the fruits of the same kind of thorough and well-ordered study which was brought to bear upon the notes to the Commentaries and the Institutes... Hitherto the Edict has been almost inaccessible to the ordinary English student, and

such a student will be interested as well as perhaps surprised to find how abundantly the extant fragments illustrate and clear up points which have attracted his attention in the Commentaries, or the Institutes, or the Digest."—*Law Times*.

London: C. F. CLAY & SON, Cambridge University Press Warehouse, Ave Maria Lane.

**AN INTRODUCTION TO THE STUDY OF JUSTINIAN'S DIGEST.** Containing an account of its composition and of the Jurists used or referred to therein, together with a full Commentary on one Title (*de usufructu*), by HENRY JOHN ROBY, M.A., formerly Classical Lecturer in St John's College, Cambridge, and Prof. of Jurisprudence, University College, London. Demy 8vo. 18s.

"Not an obscurity, philological, historical, or legal, has been left unsifted. More informing aid still has been supplied to the student of the Digest at large by a preliminary account, covering nearly 300 pages, of the mode of composition of the Digest, and of the jurists whose decisions and arguments constitute its substance. Nowhere else can a clearer view be obtained of the personal succession by which the tradition of Roman legal science was sus-

tained and developed. Roman law, almost more than Roman legions, was the backbone of the Roman commonwealth. Mr Roby, by his careful sketch of the sages of Roman law, from Sextus Papirius, under Tarquin the Proud, to the Byzantine Bar, has contributed to render the tenacity and durability of the most enduring polity the world has ever experienced somewhat more intelligible."—*The Times*.

**THE COMMENTARIES OF GAIUS AND RULES OF ULPIAN.** (New Edition, revised and enlarged.) With a Translation and Notes, by J. T. ABDY, LL.D., Judge of County Courts, late Regius Professor of Laws in the University of Cambridge, and BRYAN WALKER, M.A., LL.D., Law Lecturer of St John's College, Cambridge, formerly Law Student of Trinity Hall and Chancellor's Medallist for Legal Studies. Crown 8vo. 16s.

"As scholars and as editors Messrs Abdy and Walker have done their work well. . . For one thing the editors deserve special commendation. They have presented Gaius to the reader with few notes and those merely by

way of reference or necessary explanation. Thus the Roman jurist is allowed to speak for himself, and the reader feels that he is really studying Roman law in the original, and not a fanciful representation of it."—*Athenaeum*.

**THE INSTITUTES OF JUSTINIAN**, translated with Notes by J. T. ABDY, LL.D., Judge of County Courts, late Regius Professor of Laws in the University of Cambridge, and formerly Fellow of Trinity Hall; and BRYAN WALKER, M.A., LL.D., Law Lecturer of St John's College, Cambridge; late Fellow and Lecturer of Corpus Christi College; and formerly Law Student of Trinity Hall. Crown 8vo. 16s.

"We welcome here a valuable contribution to the study of jurisprudence. The text of the *Institutes* is occasionally perplexing, even to practised scholars, whose knowledge of classical models does not always avail them in dealing with the technicalities of legal phraseology. Nor can the ordinary dictionaries be expected to furnish all the help that is wanted. This translation will then be of great use. To

the ordinary student, whose attention is distracted from the subject-matter by the difficulty of struggling through the language in which it is contained, it will be almost indispensable."—*Spectator*.

"The notes are learned and carefully compiled, and this edition will be found useful to students."—*Law Times*.

**SELECTED TITLES FROM THE DIGEST**, annotated by B. WALKER, M.A., LL.D. Part I. *Mandati vel Contra*. Digest XVII. 1. Crown 8vo. 5s.

"This small volume is published as an experiment. The author proposes to publish an annotated edition and translation of several books of the Digest if this one is received with favour. We are pleased to be able to say that

Mr Walker deserves credit for the way in which he has performed the task undertaken. The translation, as might be expected, is scholarly."—*Law Times*.

— Part II. *De Adquirendo rerum dominio* and *De Adquirenda vel amittenda possessione*. Digest XLI. 1 and 11. Crown 8vo. 6s.

— Part III. *De Conditionibus*. Digest XII. 1 and 4—7 and Digest XIII. 1—3. Crown 8vo. 6s.

**GROTIUS DE JURE BELLI ET PACIS**, with the Notes of Barbeyrac and others; accompanied by an abridged Translation of the Text, by W. WHEWELL, D.D. late Master of Trinity College. 3 Vols. Demy 8vo. 12s. The translation separate, 6s.

London: C. F. CLAY & SON, Cambridge University Press Warehouse, Ave Maria Lane.

## HISTORY.

## LIFE AND TIMES OF STEIN, OR GERMANY AND PRUSSIA IN THE NAPOLEONIC AGE, by J. R. SEELEY, M.A., Regius Professor of Modern History in the University of Cambridge, with Portraits and Maps. 3 Vols. Demy 8vo. 30s.

"If we could conceive anything similar to a protective system in the intellectual department, we might perhaps look forward to a time when our historians would raise the cry of protection for native industry. Of the unquestionably greatest German men of modern history—I speak of Frederick the Great, Goethe and Stein—the first two found long since in Carlyle and Lewes biographers who have undoubtedly driven their German competitors out of the field. And now in the year just past Professor Seeley of Cambridge has presented us with a biography of Stein which, though it modestly declines competition with German works and disowns the presumption of teaching us Germans our own history, yet casts into the shade by its brilliant superiority all that we have ourselves hitherto written about Stein."—*Deutsche Rundschau*.

"In a notice of this kind scant justice can be done to a work like the one before us; no short *résumé* can give even the most meagre notion of the contents of these volumes, which contain no page that is superfluous, and none that is uninteresting.... To understand the

Germany of to-day one must study the Germany of many yesterdays, and now that study has been made easy by this work, to which no one can hesitate to assign a very high place among those recent histories which have aimed at original research."—*Athenæum*.

"The book before us fills an important gap in English—nay, European—historical literature, and bridges over the history of Prussia from the time of Frederick the Great to the days of Kaiser Wilhelm. It thus gives the reader standing ground whence he may regard contemporary events in Germany in their proper historic light.... We congratulate Cambridge and her Professor of History on the appearance of such a noteworthy production. And we may add that it is something upon which we may congratulate England that on the especial field of the Germans, history, on the history of their own country, by the use of their own literary weapons, an Englishman has produced a history of Germany in the Napoleonic age far superior to any that exists in German."—*Examiner*.

## THE GROWTH OF ENGLISH INDUSTRY AND COMMERCE. By W. CUNNINGHAM, M.A., late Deputy to the Knightbridge Professor in the University of Cambridge. With Maps and Charts. Crown 8vo. 12s.

"He is, however, undoubtedly sound in the main, and his work deserves recognition as the result of immense industry and research in a field in which the labourers have hitherto been comparatively few."—*Scotsman*.

"Mr Cunningham is not likely to disappoint any readers except such as begin by mistaking the character of his book. He does not promise, and does not give, an account of the

dimensions to which English industry and commerce have grown. It is with the process of growth that he is concerned; and this process he traces with the philosophical insight which distinguishes between what is important and what is trivial. He thus follows with care, skill, and deliberation a single thread through the maze of general English history."—*Guardian*.

## THE UNIVERSITY OF CAMBRIDGE FROM THE EARLIEST TIMES TO THE ROYAL INJUNCTIONS OF 1535, by JAMES BASS MULLINGER, M.A. Demy 8vo. (734 pp.), 12s.

"We trust Mr Mullinger will yet continue his history and bring it down to our own day."—*Academy*.

"He has brought together a mass of instructive details respecting the rise and progress, not only of his own University, but of all the principal Universities of the Middle Ages.... We hope some day that he may con-

tinue his labours, and give us a history of the University during the troublous times of the Reformation and the Civil War."—*Athenæum*.

"Mr Mullinger's work is one of great learning and research, which can hardly fail to become a standard book of reference on the subject.... We can most strongly recommend this book to our readers."—*Spectator*.

VOL. II. From the Royal Injunctions of 1535 to the Accession of Charles the First. Demy 8vo. 18s.

London: C. F. CLAY & SON, Cambridge University Press Warehouse, Ave Maria Lane.

## CHRONOLOGICAL TABLES OF GREEK HISTORY.

Accompanied by a short narrative of events, with references to the sources of information and extracts from the ancient authorities, by CARL PETER. Translated from the German by G. CHAWNER, M.A., Fellow and Lecturer of King's College, Cambridge. Demy 4to. 10s.

"As a handy book of reference for genuine students, or even for learned men who want to lay their hands on an authority for some par-

ticular point as quickly as possible, the *Tables* are useful."—*Academy*.

## CHRONOLOGICAL TABLES OF ROMAN HISTORY.

By the same.

[*Preparing.*]

HISTORY OF THE COLLEGE OF ST JOHN THE EVANGELIST, by THOMAS BAKER, B.D., Ejected Fellow. Edited by JOHN E. B. MAYOR, M.A., Fellow of St John's. Two Vols. Demy 8vo. 24s.

"To antiquaries the book will be a source of almost inexhaustible amusement, by historians it will be found a work of considerable service on questions respecting our social progress in past times; and the care and thoroughness with which Mr Mayor has discharged his editorial functions are creditable to his learning and industry."—*Athenæum*.

"The work displays very wide reading, and it will be of great use to members of the college and of the university, and, perhaps, of still greater use to students of English history, ecclesiastical, political, social, literary and academical, who have hitherto had to be content with 'Dyer.'"—*Academy*.

HISTORY OF NEPĀL, translated by MUNSHĪ SHEW SHUNKER SINGH and PANDIT SHRĪ GUNĀNAND; edited with an Introductory Sketch of the Country and People by Dr D. WRIGHT, late Residency Surgeon at Kāthmāndū, and with facsimiles of native drawings, and portraits of Sir JUNG BAHĀDUR, the KING OF NEPĀL, &c. Super-royal 8vo. 10s. 6d.

"The Cambridge University Press have done well in publishing this work. Such translations are valuable not only to the historian but also to the ethnologist; . . . Dr Wright's Introduction is based on personal inquiry and observation, is written intelligently and candidly, and adds much to the value of the

volume. The coloured lithographic plates are interesting."—*Nature*.

"The history has appeared at a very opportune moment. The volume... is beautifully printed, and supplied with portraits of Sir Jung Bahadur and others, and with excellent coloured sketches illustrating Nepalese architecture and religion."—*Examiner*.

SCHOLAE ACADEMICAE: some Account of the Studies at the English Universities in the Eighteenth Century. By CHRISTOPHER WORDSWORTH, M.A., Fellow of Peterhouse; Author of "Social Life at the English Universities in the Eighteenth Century." Demy 8vo. 10s. 6d.

"The general object of Mr Wordsworth's book is sufficiently apparent from its title. He has collected a great quantity of minute and curious information about the working of Cambridge institutions in the last century, with an occasional comparison of the corresponding state of things at Oxford. . . . To a great extent it is purely a book of reference, and as such it will be of permanent value for the historical knowledge of English education and learning."—*Saturday Review*.

"Only those who have engaged in like labours will be able fully to appreciate the sustained industry and conscientious accuracy discernible in every page. . . . Of the whole volume it may be said that it is a genuine service rendered to the study of University history, and that the habits of thought of any writer educated at either seat of learning in the last century will, in many cases, be far better understood after a consideration of the materials here collected."—*Academy*.

THE ARCHITECTURAL HISTORY OF THE UNIVERSITY AND COLLEGES OF CAMBRIDGE, by the late Professor WILLIS, M.A. With numerous Maps, Plans, and Illustrations. Continued to the present time, and edited by JOHN WILLIS CLARK, M.A., formerly Fellow of Trinity College, Cambridge.

[*Nearly ready.*]

London: C. J. CLAY & SON, Cambridge University Press Warehouse, Ave Maria Lane.

## MISCELLANEOUS.

## A CATALOGUE OF ANCIENT MARBLES IN GREAT BRITAIN, by Prof. ADOLF MICHAELIS. Translated by C. A. M. FENNELL, M.A., late Fellow of Jesus College. Royal 8vo. Roxburgh (Morocco back), £2. 2s.

"The object of the present work of Michaelis is to describe and make known the vast treasures of ancient sculpture now accumulated in the galleries of Great Britain, the extent and value of which are scarcely appreciated, and chiefly so because there has hitherto been little accessible information about them. To the loving labours of a learned German the owners of art treasures in England are for the second time indebted for a full description of their rich possessions. Waagen gave to the private collections of pictures the advantage of his inspection and cultivated acquaintance with art, and now Michaelis performs the same office for the still less known private boards of antique sculptures for which our country is so remarkable. The book is beautifully executed, and with its few handsome plates, and excellent indexes, does much credit to the Cambridge Press. It has not been printed in

German, but appears for the first time in the English translation. All lovers of true art and of good work should be grateful to the Syndics of the University Press for the liberal facilities afforded by them towards the production of this important volume by Professor Michaelis."

—*Saturday Review*.

"'Ancient Marbles' here mean relics of Greek and Roman origin which have been imported into Great Britain from classical soil. How rich this island is in respect to these remains of ancient art, every one knows, but it is equally well known that these treasures had been most inadequately described before the author of this work undertook the labour of description. Professor Michaelis has achieved so high a fame as an authority in classical archaeology that it seems unnecessary to say how good a book this is."—*The Antiquary*.

## LECTURES ON TEACHING, delivered in the University of Cambridge in the Lent Term, 1880. By J. G. FITCH, M.A., Her Majesty's Inspector of Schools. Crown 8vo. New Edition. 5s.

"The lectures will be found most interesting, and deserve to be carefully studied, not only by persons directly concerned with instruction, but by parents who wish to be able to exercise an intelligent judgment in the choice of schools and teachers for their children. For ourselves, we could almost wish to be of school age again, to learn history and geography from some one who could teach them after the pattern set by Mr Fitch to his audience. . . . But perhaps Mr Fitch's observations on the general conditions of school-work are even more important than what he says on this or that branch of study."—*Saturday Review*.

"It comprises fifteen lectures, dealing with such subjects as organisation, discipline, examining, language, fact knowledge, science, and methods of instruction; and though the lectures make no pretension to systematic or exhaustive treatment, they yet leave very little of the ground uncovered; and they combine in an admirable way the exposition of sound principles with practical suggestions and illustrations which are evidently derived from wide and varied experience, both in teaching and in examining."—*Scotsman*.

## THEORY AND PRACTICE OF TEACHING. By the Rev. EDWARD THRING, M.A., Head Master of Uppingham School, late Fellow of King's College, Cambridge. Crown 8vo. 6s.

"Any attempt to summarize the contents of the volume would fail to give our readers a taste of the pleasure that its perusal has given us."—*Journal of Education*.

"In his book we have something very different from the ordinary work on education. It is full of life. It comes fresh from the busy workshop of a teacher at once practical and enthusiastic, who has evidently taken up his pen, not for the sake of writing a book, but

"As principal of a training college and as a Government inspector of schools, Mr Fitch has got at his fingers' ends the working of primary education, while as assistant commissioner to the late Endowed Schools Commission he has seen something of the machinery of our higher schools. . . . Mr Fitch's book covers so wide a field and touches on so many burning questions that we must be content to recommend it as the best existing *vade mecum* for the teacher. . . . He is always sensible, always judicious, never wanting in tact. . . . Mr Fitch is a scholar; he pretends to no knowledge that he does not possess; he brings to his work the ripe experience of a well-stored mind, and he possesses in a remarkable degree the art of exposition."—*Pall Mall Gazette*.

"Therefore, without reviewing the book for the second time, we are glad to avail ourselves of the opportunity of calling attention to the re-issue of the volume in the five-shilling form, bringing it within the reach of the rank and file of the profession. We cannot let the occasion pass without making special reference to the excellent section on 'punishments' in the lecture on 'Discipline.'"—*School Board Chronicle*.

under the compulsion of almost passionate earnestness, to give expression to his views on questions connected with the teacher's life and work. For suggestiveness and clear incisive statement of the fundamental problems which arise in dealing with the minds of children, we know of no more useful book for any teacher who is willing to throw heart, and conscience, and honesty into his work."—*New York Evening Post*.

THE GOSPEL ACCORDING TO ST MATTHEW. By the Rev. A. CARR, M.A. With 4 Maps. 4s. 6d.

"With the 'Notes,' in the volume before us, we are much pleased: so far as we have searched, they are scholarly and sound. The quotations from the Classics are apt; and the references to modern Greek form a pleasing feature."—*The Churchman*.

"Copious illustrations, gathered from a great variety of sources, make his notes a very valuable aid to the student. They are indeed remarkably interesting, while all explanations on meanings, applications, and the like are distinguished by their lucidity and good sense."—*Pall Mall Gazette*.

THE GOSPEL ACCORDING TO ST MARK. By the Rev.

G. F. MACLEAR, D.D. With 3 Maps. 4s. 6d.

"The Cambridge Greek Testament, of which Dr Maclear's edition of the Gospel according to St Mark is a volume, certainly supplies a want. Without pretending to compete with the leading commentaries, or to embody very much original research, it forms a most satisfactory introduction to the study of the New Testament in the original . . . Dr Maclear's introduction contains all that is known of St Mark's life, with references to passages in the New Testament in which he is mentioned; an account of the circumstances in which the Gospel was composed, with an estimate of the influence of St Peter's teaching upon St Mark; an excellent sketch of the special characteristics of this Gospel; an analysis, and a chapter on the text of the New Testament generally . . . The work is completed by three good maps."—*Saturday Review*.

"The Notes, which are admirably put together, seem to contain all that is necessary for the guidance of the student, as well as a judicious selection of passages from various sources illustrating scenery and manners."—*Academy*.

## I. GREEK.

### THE ANABASIS OF XENOPHON, BOOKS I. III. IV.

and V. With a Map and English Notes by ALFRED PRETOR, M.A., Fellow of St Catharine's College, Cambridge; Editor of *Persius* and *Cicero ad Atticum* Book I. 2s. each.

"In Mr Pretor's edition of the *Anabasis* the text of Kühner has been followed in the main, while the exhaustive and admirable notes of the great German editor have been largely utilised. These notes deal with the minutest as well as the most important difficulties in construction, and all questions of history, antiquity, and geography are briefly but very effectually elucidated."—*The Examiner*.

"We welcome this addition to the other books of the *Anabasis* so ably edited by Mr Pretor. Although originally intended for the use of candidates at the university local examinations, yet this edition will be found adapted not only to meet the wants of the junior student, but even advanced scholars will find much in this work that will repay its perusal."—*The Schoolmaster*.

"Mr Pretor's '*Anabasis of Xenophon, Book IV.*' displays a union of accurate Cambridge scholarship, with experience of what is required by learners gained in examining middle-class schools. The text is large and clearly printed, and the notes explain all difficulties. . . . Mr Pretor's notes seem to be all that could be wished as regards grammar, geography, and other matters."—*The Academy*.

### BOOKS II. VI. and VII. By the same Editor. 2s. 6d. each.

"Another Greek text, designed it would seem for students preparing for the local examinations, is '*Xenophon's Anabasis, Book II.*, with English Notes, by Alfred Pretor, M.A. The editor has exercised his usual discrimination in utilising the text and notes of Kühner, with the occasional assistance of the best hints of Schneider, Vollbrecht and Macmichael on critical matters, and of Mr R. W. Taylor on points of history and geography. . . . When Mr Pretor commits himself to Commentator's work, he is eminently helpful. . . . Had we to introduce a young Greek scholar to Xenophon, we should esteem ourselves fortunate in having Pretor's text-book as our chart and guide."—*Contemporary Review*.

### THE ANABASIS OF XENOPHON, by A. PRETOR, M.A.,

Text and Notes, complete in two Volumes. 7s. 6d.

### AGESILAUS OF XENOPHON. The Text revised

with Critical and Explanatory Notes, Introduction, Analysis, and Indices. By H. HAILSTONE, M.A., late Scholar of Peterhouse, Cambridge, Editor of *Xenophon's Hellenics*, etc. 2s. 6d.

### ARISTOPHANES—RANÆ. With English Notes and

Introduction by W. C. GREEN, M.A., late Assistant Master at Rugby School. 3s. 6d.

### ARISTOPHANES—AVES. By the same Editor. *New*

*Edition.* 3s. 6d.

"The notes to both plays are excellent. Much has been done in these two volumes to render the study of Aristophanes a real treat to a boy instead of a drudgery, by helping him to understand the fun and to express it in his mother tongue."—*The Examiner*.

### ARISTOPHANES—PLUTUS. By the same Editor. 3s. 6d.

### EURIPIDES. HERCULES FURENS. With Intro-

ductions, Notes and Analysis. By J. T. HUTCHINSON, M.A., Christ's College, and A. GRAY, M.A., Fellow of Jesus College. 2s.

## II. LATIN.

M. T. CICERONIS DE AMICITIA. Edited by J. S. REID, M.L., Fellow and Assistant Tutor of Gonville and Caius College, Cambridge. New Edition, with Additions. 3s. 6d.

"Mr Reid has decidedly attained his aim, namely, 'a thorough examination of the Latinity of the dialogue.' . . . The revision of the text is most valuable, and comprehends sundry acute corrections. . . This volume, like Mr Reid's other editions, is a solid gain to the scholarship of the country."—*Athenæum*.

"A more distinct gain to scholarship is Mr Reid's able and thorough edition of the *De Amicitia* of Cicero, a work of which, whether we regard the exhaustive introduction or the instructive and most suggestive commentary, it would be difficult to speak too highly. . . . When we come to the commentary, we are only amazed by its fulness in proportion to its bulk. Nothing is overlooked which can tend to enlarge the learner's general knowledge of Ciceronian Latin or to elucidate the text."—*Saturday Review*.

M. T. CICERONIS CATO MAJOR DE SENECTUTE.

Edited by J. S. REID, M.L. 3s. 6d.

"The notes are excellent and scholarlike, adapted for the upper forms of public schools, and likely to be useful even to more advanced students."—*Guardian*.

M. T. CICERONIS ORATIO PRO ARCHIA POETA.

Edited by J. S. REID, M.L. Revised Edition. 2s.

"It is an admirable specimen of careful editing. An Introduction tells us everything we could wish to know about Archias, about Cicero's connexion with him, about the merits of the trial, and the genuineness of the speech. The text is well and carefully printed. The notes are clear and scholar-like. . . . No boy can master this little volume without feeling that he has advanced a long step in scholarship."—*The Academy*.

M. T. CICERONIS PRO L. CORNELIO BALBO ORATIO. Edited by J. S. REID, M.L. 1s. 6d.

"We are bound to recognize the pains devoted in the annotation of these two orations to the minute and thorough study of their Latinity, both in the ordinary notes and in the textual appendices."—*Saturday Review*.

M. T. CICERONIS PRO P. CORNELIO SULLA ORATIO. Edited by J. S. REID, M.L. 3s. 6d.

"Mr Reid is so well known to scholars as a commentator on Cicero that a new work from him scarcely needs any commendation of ours. His edition of the speech *Pro Sulla* is fully equal in merit to the volumes which he has already published. . . . It would be difficult to speak too highly of the notes. There could be no better way of gaining an insight into the characteristics of Cicero's style and the Latinity of his period than by making a careful study of this speech with the aid of Mr Reid's commentary. . . . Mr Reid's intimate knowledge of the minutest details of scholarship enables him to detect and explain the slightest points of distinction between the usages of different authors and different periods. . . . The notes are followed by a valuable appendix on the text, and another on points of orthography; an excellent index brings the work to a close."—*Saturday Review*.

M. T. CICERONIS PRO CN. PLANCIO ORATIO.

Edited by H. A. HOLDEN, LL.D., late Head Master of Ipswich School. 4s. 6d.

"As a book for students this edition can have few rivals. It is enriched by an excellent introduction and a chronological table of the principal events of the life of Cicero; while in its appendix, and in the notes on the text which are added, there is much of the greatest value. The volume is neatly got up, and is in every way commendable."—*The Scotsman*.

"Dr Holden's own edition is all that could be expected from his elegant and practised scholarship. . . . Dr Holden has evidently made up his mind as to the character of the commentary most likely to be generally useful; and he has carried out his views with admirable thoroughness."—*Academy*.

"Dr Holden has given us here an excellent edition. The commentary is even unusually full and complete; and after going through it carefully, we find little or nothing to criticize. There is an excellent introduction, lucidly explaining the circumstances under which the speech was delivered, a table of events in the life of Cicero and a useful index." *Spectator*, Oct. 29, 1881.

London: C. F. CLAY & SON, Cambridge University Press Warehouse, Ave Maria Lane.

**M. T. CICERONIS IN Q. CAECILIUM DIVINATIO ET IN C. VERREM ACTIO PRIMA.** With Introduction and Notes by W. E. HEITLAND, M.A., and HERBERT COWIE, M.A., Fellows of St John's College, Cambridge. 3s.

**M. T. CICERONIS ORATIO PRO L. MURENA,** with English Introduction and Notes. By W. E. HEITLAND, M.A., Fellow and Classical Lecturer of St John's College, Cambridge. **Second Edition, carefully revised.** 3s.

"Those students are to be deemed fortunate who have to read Cicero's lively and brilliant oration for L. Murena with Mr Heitland's handy edition, which may be pronounced 'four-square' in point of equipment, and which has, not without good reason, attained the honours of a second edition."—*Saturday Review*.

**M. T. CICERONIS IN GAIUM VERREM ACTIO PRIMA.** With Introduction and Notes. By H. COWIE, M.A., Fellow of St John's College, Cambridge. 1s. 6d.

**M. T. CICERONIS ORATIO PRO T. A. MILONE,** with a Translation of Asconius' Introduction, Marginal Analysis and English Notes. Edited by the Rev. JOHN SMYTH PURTON, B.D., late President and Tutor of St Catharine's College. 2s. 6d.

"The editorial work is excellently done."—*The Academy*.

**M. T. CICERONIS SOMNIUM SCIPIONIS.** With Introduction and Notes. By W. D. PEARMAN, M.A., Head Master of Potsdam School, Jamaica. 2s.

**P. OVIDII NASONIS FASTORUM LIBER VI.** With a Plan of Rome and Notes by A. SIDGWICK, M.A. Tutor of Corpus Christi College, Oxford. 1s. 6d.

"Mr Sidgwick's editing of the Sixth Book of Ovid's *Fasti* furnishes a careful and serviceable volume for average students. It eschews 'construes' which supersede the use of the dictionary, but gives full explanation of grammatical usages and historical and mythical allusions, besides illustrating peculiarities of style, true and false derivations, and the more remarkable variations of the text."—*Saturday Review*.

"It is eminently good and useful. . . . The Introduction is singularly clear on the astronomy of Ovid, which is properly shown to be ignorant and confused; there is an excellent little map of Rome, giving just the places mentioned in the text and no more; the notes are evidently written by a practical schoolmaster."—*The Academy*.

**GAI IULI CAESARIS DE BELLO GALLICO COMMENT. I. II.** With English Notes and Map by A. G. PESKETT, M.A., Fellow of Magdalene College, Cambridge, Editor of Caesar De Bello Gallico, VII. 2s. 6d.

**BOOKS III. AND VI.** By the same Editor. 1s. 6d. each.

"In an unusually succinct introduction he gives all the preliminary and collateral information that is likely to be useful to a young student; and, wherever we have examined his notes, we have found them eminently practical and satisfying. . . . The book may well be recommended for careful study in school or college."—*Saturday Review*.

"The notes are scholarly, short, and a real help to the most elementary beginners in Latin prose."—*The Examiner*.

P. VERGILI MARONIS AENEIDOS LIBRI I., II., III., IV., V., VI., VII., VIII., IX., X., XI., XII. Edited with Notes by A. SIDGWICK, M.A. Tutor of Corpus Christi College, Oxford. 1s. 6d. each.

"Much more attention is given to the literary aspect of the poem than is usually paid to it in editions intended for the use of beginners. The introduction points out the distinction between primitive and literary epics, explains the purpose of the poem, and gives an outline of the story."—*Saturday Review*.

"Mr Arthur Sidgwick's 'Vergil, Aeneid, Book XII.' is worthy of his reputation, and is distinguished by the same acuteness and accuracy of knowledge, appreciation of a boy's difficulties and ingenuity and resource in meeting them, which we have on other occasions had reason to praise in these pages."—*The Academy*.

"As masterly in its clearly divided preface and appendices as in the sound and independent character of its annotations. . . . There is a great deal more in the notes than mere compilation and suggestion. . . . No difficulty is left unnoticed or unhandled."—*Saturday Review*.

"This edition is admirably adapted for the use of junior students, who will find in it the result of much reading in a condensed form, and clearly expressed."—*Cambridge Independent Press*.

QUINTUS CURTIUS. A Portion of the History.

(ALEXANDER IN INDIA.) By W. E. HEITLAND, M.A., Fellow and Lecturer of St John's College, Cambridge, and T. E. RAVEN, B.A., Assistant Master in Sherborne School. 3s. 6d.

"Equally commendable as a genuine addition to the existing stock of school-books is *Alexander in India*, a compilation from the eighth and ninth books of Q. Curtius, edited for the Pitt Press by Messrs Heitland and Raven. . . . The work of Curtius has merits of its own, which, in former generations, made it a favourite with English scholars, and which still make it a popular text-book in Continental schools. . . . The reputation of Mr Heitland is a sufficient guarantee for the scholarship of the notes, which are ample without being excessive, and the book is well furnished with all that is needful in the nature of maps, indexes, and appendices."—*Academy*.

M. ANNAEI LUCANI PHARSALIAE LIBER

PRIMUS, edited with English Introduction and Notes by W. E. HEITLAND, M.A. and C. E. HASKINS, M.A., Fellows and Lecturers of St John's College, Cambridge. 1s. 6d.

"A careful and scholarlike production."—*Times*.

"In nice parallels of Lucan from Latin poets and from Shakspeare, Mr Haskins and Mr Heitland deserve praise."—*Saturday Review*.

BEDA'S ECCLESIASTICAL HISTORY, BOOKS

III., IV., the Text from the very ancient MS. in the Cambridge University Library, collated with six other MSS. Edited, with a life from the German of EBERT, and with Notes, &c. by J. E. B. MAYOR, M.A., Professor of Latin, and J. R. LUMBY, D.D., Norrisian Professor of Divinity. Revised edition. 7s. 6d.

"To young students of English History the illustrative notes will be of great service, while the study of the texts will be a good introduction to Mediaeval Latin."—*The Nonconformist*.

"In Bede's works Englishmen can go back to *origines* of their history, unequalled for form and matter by any modern European nation. Prof. Mayor has done good service in rendering a part of Bede's greatest work accessible to those who can read Latin with ease. He has adorned this edition of the third and fourth books of the 'Ecclesiastical History' with that amazing erudition for which he is unrivalled among Englishmen and rarely equalled by Germans. And however interesting and valuable the text may be, we can certainly apply to his notes the expression, *La sauce vaut mieux que le poisson*. They are literally crammed with interesting information about early English life. For though ecclesiastical in name, Bede's history treats of all parts of the national life, since the Church had points of contact with all."—*Examiner*.

LE VERRE D'EAU. A Comedy, by SCRIBE. With a Biographical Memoir, and Grammatical, Literary and Historical Notes. By the same Editor.

"It may be national prejudice, but we consider this edition far superior to any of the series which hitherto have been edited exclusively by foreigners. Mr Colbeck seems better to understand the wants and difficulties of an English boy. The etymological notes especially are admirable. . . . The historical notes and introduction are a piece of thorough honest work."—*Journal of Education*.

HISTOIRE DU SIÈCLE DE LOUIS XIV PAR VOLTAIRE. Part I. Chaps. I.—XIII. Edited with Notes Philological and Historical, Biographical and Geographical Indices, etc. by GUSTAVE MASSON, B.A. Univ. Gallic., Officier d'Académie, Assistant Master of Harrow School, and G. W. PROTHERO, M.A., Fellow and Tutor of King's College, Cambridge. 2s. 6d.

"Messrs Masson and Prothero have, to judge from the first part of their work, performed with much discretion and care the task of editing Voltaire's *Siècle de Louis XIV* for the 'Pitt Press Series.' Besides the usual kind of notes, the editors have in this case, influenced by Voltaire's 'summary way of treating much of the history,' given a good deal of historical information, in which they have, we think, done well. At the beginning of the book will be found excellent and succinct accounts of the constitution of the French army and Parliament at the period treated of."—*Saturday Review*.

"Prussia under Frederick the Great, and France under the Directory, bring us face to face respectively with periods of history which it is right should be known thoroughly, and which are well treated in the Pitt Press volumes. The latter in particular, an extract from the world-known work of Madame de Staël on the French Revolution, is beyond all praise for the excellence both of its style and of its matter."—*Times*.
